

Blagdon Nursery School Accessibility Plan 2025- 2028

Schools are required under the Equality Act 2010 to have an accessibility plan.

The purpose of the plan is to:

- *Increase the extent to which disabled pupils can participate in the curriculum*
- *Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided*
- *Improve the availability of accessible information to disabled pupils*

Our aims:

- *Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.*
- *To remove any barriers that might adversely affect a child's access to and interaction with the Nursery/Children's centre*
- *To make appropriate provision for disabled children and their families*
- *To create an environment in which all children have equal opportunities to learn and develop and are inspired to learn*

Associated Policies:

• Administering medication	• Admissions	• Anti-bullying	• Behaviour	• Complaints
• Equality objectives	• Health and safety	• Healthy food and drink	• Intimate care and toileting	• Outings and offsite visits
• Safeguarding	• SEND	• Transition		

Legislation

The Equality Act 2010

Many children and young people who have SEND may have a disability under the Equality Act 2010 – that is ‘...a physical or mental impairment which has a long-term and substantial adverse effect on their ability to carry out normal day-to-day activities’.

The Equality Act 2010 places a general duty on schools to act:

- *Where something a school does places a disabled pupil at a disadvantage compared to other pupils, then the school must take reasonable steps to try and avoid that disadvantage.*
- *Schools will be expected to provide an auxiliary aid or service for a disabled pupil when it would be reasonable to do so and if such an aid would alleviate any substantial disadvantage that the pupil faces in comparison to non-disabled pupils.*
- *Failure to make a reasonable adjustment cannot be defended as justified*
- *The elimination of discrimination that is unlawful under the Equality Act 2010*
- *The elimination of harassment of disabled people that is related to their disability*
- *Active promotion of positive attitudes towards disabled people*
- *By encouraging participation in public life by disabled people*
- *By taking steps to meet disabled people’s needs, even if this requires more favourable treatment These apply to all disabled pupils, staff and those using services provided by schools.*

The Act makes it unlawful for the responsible body of a school to discriminate against, harass or victimise a pupil or potential pupil:

- *in relation to admissions,*
- *in the way it provides education for pupils,*
- *in the way it provides pupils access to any benefit, facility or service or by excluding a pupil or subjecting them to any other detriment.*

The SEND Code of Practice 0 to 25 Years (2015):

- *The Code of Practice covers the 0-25 age range and includes guidance relating to disabled children and young people as well as those with SEN. The Code of Practice provides statutory guidance on duties, policies and procedures relating to Part 3 of the Children and Families Act 2014.*
- *The term “special educational needs” refers to learning difficulties that require special educational provision.*

Children have a learning difficulty or disability if they: -

- *Have significantly greater difficulty in learning than the majority of children of the same age; or*
- *Have a disability which prevents or hinders them from making use of facilities of a kind generally provided for children of the same age in mainstream schools; and*
- *Are under compulsory school age and are likely to fall within either of the definitions above when they reach compulsory school age or would do so if special educational provision was not made for them.*

Children are not regarded as having a learning difficulty solely because the language or form of language of their home is different from the language in which they will be taught.

Management, coordination and implementation of the policy:

- The Senior leadership team, SENDCo and Key Person(s) continuously review the current needs of children attending the Nursery School
- Vulnerable families are supported effectively through “children’s single point of access” and the Designated Safeguarding Officers within the Nursery School
- Potential future needs are acknowledged and provision is made to meet these needs wherever possible
- Our school is committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.
- The school supports any available partnerships to develop and implement the plan.
- Our school’s complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, the complaints procedure sets out the process for raising these concerns.
- This plan will be Reviewed every 3 years by the Governing Body and updated more frequently if necessary.
