Transition to Primary School

This half term we will be focussing on supporting the children who are starting Primary School with this transition. We have invited all schools to come and visit the children at nursery; not all schools have the capacity to do this. The school that your child will be moving to should have events and visits planned; please make sure that you check your emails for communication from them. We do not know what schools have got planned, so you will need to contact them to find out.

Obstacle Course

Thank you SO much for your donations for the Obstacle Course; we are still collecting your sponsor money, but we will update you with a total that we have collected very soon. We will use the money raised to purchase resources for the children across the nursery.
